

Children's Water Festival

Climate Change and Water:

Additional Activities for the classroom

- Great website for exploring Climate Change Solutions: EN-Roads
<https://www.climateinteractive.org/tools/en-roads/>
- Climate Solutions Bingo- See attached [Bingo Cards](#) Below
- Climate Solutions Tic Tac Toe-See attached cards
- [Our Changing Climate Curriculum](#) (Grades 3-6)
- [Minnesota's Changing Climate Curriculum](#) (Grades 3-12)

Bingo

Which of these things have you done?

1. Gone to a farmers market
2. Live in sync with the sun to minimize using lights
3. Unplugged something from the wall that wasn't being used (to minimize phantom energy use)
4. Ridden on public transportation
5. Ride weekly on public transportation
6. Have purchased items from a yard sale or thrift store
7. Save items on devices rather than in the cloud.
8. Have you ever recycled an item?
9. You recycle every chance you get
10. Sometimes recycle
11. Told an adult you would like them to take your future into consideration by making green choices today
12. Turn off lights when not using them
13. Eaten Chocolate Chirp cookies (chocolate chip cookies made with crickets)
14. Hung up laundry to dry
15. Put on a sweater rather than turned up the heat
16. Walked to a store
17. Biked to any destination, e.g. park, store, get your hair cut, ice cream...
18. Biked just bike—without a destination
19. Composted
20. Been in an EV
21. Seen an EV
22. Know what EV stands for
23. Donated used items rather than throw them away
24. Saved hot water
25. Helped with a vegetable garden
